

JP'S CASPER WHITE STOUT

A white buffalo standing out from the herd of dark stouts. Gold in color, Casper melds the creamy mouthfeel and coffee hints of a stout with the unexpected flavors of Pilsner malt, white chocolate, and vanilla.

“Minutely hazy golden amber color. Attractive aromas and flavors of chocolate mousse with a round, vibrant, effervescent, dry-yet-fruity medium body and a warming, refreshing, long latte with cocoa powder, roasted nuts, and dried apricot finish. A fun, artfully flavored and balanced white stout that really works.”
